THE HON'BLE MR JUSTICE N.V. RAMANA

WRIT PETITION NO. 25159 of 2002

-
ORDER:

This writ petition is filed to declare the action of the respondents in issuing a single electricity monthly bill under High Tension supply system by merging the three individual electrical service connections, which are previously billed under low tension category on the ground that the three rice milling units belonging to the petitioners separately are existing in the same premises as in breach of the terms of the low tension agreement and also in violation of clause 27 of the terms and conditions of power supply.

When the matter is taken up for hearing, it is represented by the learned standing counsel for the respondent Company that after filing this writ petition, the petitioners themselves made a request to club all the three connections and accordingly the respondents have agreed to their request and that the petitioners have also paid the arrears and, therefore, no further orders are necessary.

In view of the above submission, nothing survives for adjudication in this writ petition. The writ petition is accordingly dismissed as infructuous. No costs.

N.V.RAMANA,J
